Conservation Friends & Volunteers Recognized

The Woodbury County Conservation Board and Dorothy Pecaut Nature Center recently recognized two very special individuals for their outstanding service.

Anthony Gaul of Sergeant Bluff was recognized for the “**Conservation Educator**” award. Gaul has taught 6th Grade Science at Sioux City West Middle School for 22 years. He has mentored thousands of youngsters and exposed them to the wonders of nature with special overnight field trips and experiences. He is also very active in the community, volunteering with the Sergeant Bluff Fire Rescue, Boy Scout leader and as a youth coach for various sports.

Receiving the “**Friend of Conservation**” award was **Ginger Martin** of Sioux City. Martin is an active volunteer with the Dorothy Pecaut Nature Center, Iowa State University Master Gardeners and Sioux City Wildlife Lodge and Clinic. She spends much of her volunteer time at the Nature Center tending the butterfly and wildflower gardens.

This is the 28th year the conservation board has recognized outstanding conservation efforts. Volunteers provide such a vital service to our nature center and county parks. Last year, 2,705 hours were logged by volunteers.

The Woodbury County Conservation Board also recognized more than 160 volunteers for the hours of service they provided the Dorothy Pecaut Nature Center and Woodbury County Parks in 2016. This includes 23 Junior Volunteers, ages 12-17.

Specific volunteers recognized were Greg Andersen, Jack Anderson, Derik Bailey, Bob Baldwin, Audie Baughman, Julie Baughman, Briana Baughman, Cindy Bennett, Chris Birdsell, Rita Birke, Josh Black, Carol Blair, ShaiLynne Blakeslee, Dianne Blankenship, Kira Bliss, Jeanne Bockholt, Suzan Boden, Rick Borg, Missy Brandon, Sean Brandon, Reid Brandon, Shay Brandon, Katelyn Brinkerhoff, Emma Bruns, John Burns, Megan Carlson, David Chapman, Karla Claussen, Steve Claussen, Alexis Comer, Sydney Corcoran, Summer Cord, Kandi Custer, Mark Custer, Judi Deaton, Tracie Derochie, Don Dixon, Abby Duin, Nick Fondoulakis, Bill Forbes, Cathy Frost, Tracy Gates, Greg Giles, Tyler Griffin, Rae Hattan, Brian Hazlett, Jim Henning, Alexia Henschke, Kai Herron, Jane Hey, Sue Hinrichs, Phyllis Holzrichter, Bruce Hopkins, Sandy Horton, Loyanne Jensen, Chuck Johnson, Alicia Junge, Angela Kaiser, Kendra Kersting, Diana Kincaid, Laura Kinnaman, Kathy Koskovich, Randy Kramer, Tiana Kruid, Herb Kuehne, Rosie Kuehne, Leonard Kurtz, Sara Larson, Keri Leopold, John Leopold, Sarah Leopold, Marlin Lessmann, Kenny Leuenberger, Reid Linder, Lyle Listamann, Tina Listamann, Bianca Llamas, Sharese Manker, Brianna Martens, Ginger Martin, Courtney Massey, Desiree McCaslen, Chloe McClure, Jane Merritt,

In the Parks

The Woodbury County Conservation Board Campgrounds are now open until October 31st. Many participated in our annual camping kickoff weekend held May 5th through May 7th. Those who came out for the beautiful weekend received free “goodies” and a coupon for a free night of camping to be used during the 2017 camping season. Beach areas at Brown’s Lake and Little Sioux Park are set to open Saturday, May 27th through Labor Day.

Our staff has been busy throughout the winter and spring months completing improvement to our parks and natural areas. Several big projects were completed at Little Sioux Park including an area of bank stabilization in one of the picnic areas. The addition of sidewalks and hard surface outdoor living spaces at the cabins and installation of a water control structure on Little Sioux Park Lake. This water control structure will help to maintain a more consistent water level in the lake and alleviate problems with high water at the swimming area.

Staff planted 100 new trees in the parks throughout the county in an effort to increase diversity of tree species in the parks.

If you haven’t been able to check out our new cabins at our Southwood Conservation Area they are really worth a look. The cabins opened midsummer 2016 they have become very popular. Located in the middle of Southwood Conservation area near Smithland, Iowa, this area offers hiking, hunting, fishing, equestrian trails, camping and picnicking. All cabin reservations for our parks are taken online on our website.

The Conservation Board has acquired a new access to the Little Sioux River. The access is located along highway 31 by the D-50 Bridge and will be named Meyer Access. This 2.5 acre area will have a parking area with the remainder to be seeded into a pollinator mix this spring. The new area will have signage put up later this year.

We are expecting 2017 to be another busy year. We hope everyone will have a chance to come visit one of our parks, natural areas, or nature center this year.

Recycling Available in our County Parks

The Woodbury County Conservation Board now has recycling available in three of our four parks. Little Sioux Park, Snyder Bend Park, and Bigelow Park have a recycling dumpster available for park guests. Look for these clearly marked dumpsters located near the firewood shed at Snyder Bend Park and Bigelow Park. At Little Sioux Park the dumpster is located in the parking lot north of the cabins. We are asking park users to please place only accepted items into these dumpsters. Items accepted include cardboard, paper, rinsed plastics with lids removed, and tin. No trash or glass please! Thank you for efforts in keeping these items out of the landfill and for keeping the parks clean for all to enjoy.

Officers Graduate from Academy

The Conservation Board is proud to announce the graduation of Dylan Bales and Erik Lindsay from the 272nd Basic Class of the Iowa Law Enforcement Academy on April 14, 2017. Dylan and Erik are now certified peace officers and will serve in this capacity at Snyder Bend Park and Southwood Conservation Area respectively. The Basic Class consists of fourteen weeks of intensive study and training.

Due to retirements of certified officers in 2016, the Board needed to send newly promoted park managers to ILEA for certification. The Board also felt the need for a second certified officer at Southwood and approved the promotion of Erik to Assistant Resource Manager. Resource Manager and Assistant positions require law enforcement certification.

Assistant Resource Manager Nathan Silfies began his training May 8 as part of the 275th Basic Class and will graduate August 18. The Conservation Department will have a total of seven certified officers on staff.

WCCB Staff Changes

My name is **Michael Massey** and I am the Resource Technician at Bigelow Park and Snyder Bend. I live with my wife Mary at Brown's Lake in Salix Iowa. We have three grown children and five grandchildren. We like spending time with our family and friends on the lake fishing and enjoying the water. I also enjoy working on remodeling projects that we are doing to our home.

My name is **Derek Bean**. I was born and raised in Onawa, Iowa and I have a twin brother and an older sister. I went to college at South Dakota State University and received a degree in Wildlife and Fisheries Sciences. While growing up I enjoyed fishing and exploring the countryside with my siblings and grandpa, which led me to pursue a career in natural resources. These days I still enjoy fishing with family and friends along with hunting and golfing. I have worked in natural resources in South Dakota and Iowa as well as working as a chemical applicator. I am looking forward to being part of the team to improve natural resources and the parks. My goal has always been to have a career in this field of work and I am excited to start my career with Woodbury County Conservation at Little Sioux Park.

Nest Box Neighborhood

On April Fool's Day 2017, there was no "fooling" around for two local Girl Scouts, who took to the trees at the Dorothy Pecaut Nature Center looking to provide potential homes for area birds. Their task leading up to this day was to research locally nesting bird species, build appropriate sized nest boxes for them, install the boxes and document their project. All this sounds simple enough, but when you're vying for the most prestigious award in Girl Scouts, the Gold Award, a project like this would require hours of research, planning, construction and a minimum fear of heights!

Beginning almost one year earlier, Kalyope Miller and Kira Bliss collaborated with the staff at the Dorothy Pecaut Nature Center and discussed project ideas that would qualify them for their Girl Scout Gold Award. Desired projects would be able to be used as educational resources for the Nature Center, enhance the Center's mission statement and be a benefit to the environment and wildlife surrounding the Center.

All discussion completed, the Nest Box Neighborhood project was a go! This project would require the scouts to research and construct nest boxes designed to attract local cavity nesting birds, as well as an informational notebook containing local bird species facts and nesting information, nest box construction plans, a map of where all the boxes are located at the Center and a scrapbook highlighting the project.

With the assistance of DPNC staff, the two Girl Scouts successfully installed nine nest boxes and two nest baskets along the trails surrounding the Dorothy Pecaut Nature Center. Since the installation, DPNC staff has witnessed several species of birds taking interest in the boxes. House wrens, black-capped chickadees, American robins, great-crested flycatchers, blue jays, mourning doves, and wood ducks have all been seen frequenting the areas around the boxes, and in some cases, even sticking their heads inside to review the accommodations.

As a final requirement for their Gold Award project, Kalyope and Kira led a public hike. As the scouts led guests through the Nest Box Neighborhood, they discussed what it means to be a Girl Scout, the importance of encouraging young women everywhere to consider becoming a scout, the scope of their Gold Award project, the benefits to be received from the project and why it's so important to set goals and see them through to completion. The DPNC staff are very pleased with all the work these wonderful young ladies have put into this project, and are excited to watch the nesting neighborhood grow!

Summer is here folks! Grab your binoculars, field guide, water and snacks and come visit the Dorothy Pecaut Nature Center.

Goodbye Olaf ~ Hello Harlan

As many of you know already, Olaf, our resident educational Barred Owl of nearly four years, passed away on March 28, 2017. We believe it was from old age and definitely of natural causes. He was at least 10 years of age but could have been much older. Since coming to the Nature Center, Olaf has attended 170 educational programs and helped teach over 10,000 people about owls and raptors. All will sorely miss him.

On April 18, 2017 a new Barred Owl joined our animal ambassador crew. We believe it is a male but do not know its age. Harlan is permanently injured and unable to sustain flight, thus he cannot hunt for food. He was hit by a car and found near a city park in Harlan, Iowa. A compound fracture damaged the elbow and shoulder. Harlan is still acclimating to his new home and people, but we hope he'll be ready for programs soon.

Thanks to Kay Neumann and Saving Our Avian Resources (SOAR) for their assistance with this owl and with our other raptors.

Stop out to the Nature Center and meet Harlan!

Olaf on the left and Harlan on the right. Both are Barred Owls. Stop at the Nature Center to meet Harlan!

Memorial Gifts

Thanks to a memorial gift, kids can look at three states through a viewing scope, see a life-size Bald Eagle sculpture and “play” in a bald eagle’s nest. The family and friends of Michael Corrie generously donated funds to create these additions at the Discovery Forest Nature Playscape and the Kestrel overlook deck.

Michael was the son of Steve and Lynn (Bitsy) Corrie of Sioux City and brother of Liz. He passed away suddenly from a rare brain abscess in April 2016 at the age of 22. He grew up in Sioux City, attended Sioux City Public Schools and was a senior at the University of Iowa majoring in psychology at the time of his death. He loved spending time at the family cabin in northern Minnesota watching bald eagles. His parents thought it fitting to sponsor the Bald Eagle sculpture and nest as a memorial gift.

Thank you to the Corrie family and friends for their contribution to enhance the trails and Playscape at the Dorothy Pecaut Nature Center. We are honored to receive these gifts.

The Sierra Club
Northwest Iowa Group

“Explore, enjoy and protect the planet!”

Every 4th Tuesday of the month, 6:30-7:45 PM, NW IA Group Sierra Club hosts a presentation and discussion held at 2508 Jackson St, Sioux City. It is always free and we encourage all members of the community to participate! Come as early as 5:30 PM for salad potluck and conversation.

Contact us by calling Jim Redmond 712-389-0841, “Like” Us on Facebook, or visit our new website:
<http://www.sierraclub.org/iowa/northwest-iowa>

Special note: As you’re dreaming about your summer lawns and gardens, consider our pollinators by purchasing native plants and learning more about neonicotinoids and other harmful pesticides.
Your garden will thank you!

You Can Volunteer!

Opportunities abound for individuals, families, businesses and service organizations to donate their time and talent. Help support our mission of educating people and developing awareness and appreciation for our natural environment. As the seasons change, so do our volunteer opportunities. For more information about volunteering, please call our Volunteer Coordinator, Betty West at 712 258-0838 or e-mail her at bwest@woodburycountyiowa.gov.
